THE CUBAN QUESTION

The Rebellion May Soon Be Settled Amicably.

WHAT SPAIN IS WILLING TO DO.

Proposition Made to the United States Government to Act as Mediator—The Subject Will Be Submitted to Congress as Soon as It Meets—Havana Dispatches and Other Cuban War News.

WASHINGTON, Dec. 29.—The Post says: It has been learned from an authoritative source that Secretary Olney and Senor Dupuy de Lome, the Spanish minister, have practically terminated the negotiations on the Cuban question, which are to be submitted to congress when it convenes on Jan. 5. The terms of the agreement are based on the recent official communication from Premier Canovas, addressed to the secretary of state.

The premier states clearly the terms which Spain will accord to the insurgents, and practically asks the United States to propose these conditions to her rebellious subjects. In return for our good offices, Spain assures this government that she sincerely deprecates the great commercial loss which we have sustained on account of the Cuban disturbance. She assures us that she is even now considering a reciprocity treaty which will deal mainly with Cuban products, and which will be framed in such advantageous terms toward this government that our losses, both in commerce and in the destruction of American property in Cuba, will be most generously compensated.

Premier Canovas says that Spain can not, of course, as a self-respecting and respected nation, stand before the world as having been coerced into measures by the United States. She has freely granted all that she now offers, and that in the face of a rebellion. But she accepts the good offices of the United States to act as mediator and to guarantee to the insurgents amnesty, and the enforcement of the new reform law which she is about to proclaim in Cuba.

The form of government offered is, the Spanish statesman declares, the limit of independence which can be granted to a province by any nation without absolutely severing the bonds of union with the mother country. Autonomy, as enjoyed by the Canadians, can never be granted in Cuba.

What Spain is willing to grant the insurgents, if they lay down their arms, and what she asks the United States to guarantee, is an act which provides for a council of administration, which shall control all matters pertaining to the commerce of the Indies and all estimates upon the general taxation of the island, as well as its general home government.

CENSORSHIP WAR NEWS.

Dispatches From Havana After Being Read by Spanish Officials.

HAVANA, Dec. 29.—Captain General Weyler, since Saturday last, has been camped two miles from Los Palacios, province of Pinar del Rio.

United States Consul General Fitzhugh Lee and family and Congressman-elect Robbins and wife paid a visit to the palace yesterday, where Mr. Springer, the vice consul general, introduced them to the Marquis of Ahumada, the acting captain general.

Sanguily's lawyer has entered an appeal to the supreme tribunal of abrogation on the ground of errors in the evidence, in the proceedings and in the law bearing on the prisoner's case.

Twenty persons arrested as conspirators have arrived here from Guaiara Melena, and have been imprisoned in Morro castle. Two women have also been placed in jail.

Reports from Manzanillo state that in an engagement at Peralejo the insurgent Brigadier Salvador Rios was seriously wounded.

The insurgents dynamited and derailed a military train near Esperanza, province of Santa Clara. They then attacked the train, but were repulsed by its escort.

The report of the death of the insurgent general, Juan Ruz, is confirmed.

The military governor of Guanabaco, near this city, has issued a decree, prohibiting persons from leaving that town except by the highways of Regla, Luyano, Corral Falso and Cojimar. Bearers of provisions, etc., must declare before leaving town the quantity in their possession and its destination. This step was taken to prevent the smuggling of provisions to the insurgents.

Lieutenant Colonel Cirujeda yesterday defeated the insurgents under the leaders Castillo Acosta and Villanueva at Cayo Larosa and the four lagunas of Arguabo near Camaito. It is reported that Villanueva was killed. Important documents were found on some of the bodies.

A Havana dentist named Jasper Benacourt has been arrested by the police on a political charge. Benacourt is a naturalized American.

The village of Rancho Boyeros was attacked by insurgents Sunday night causing alarm to the residents. The enemy was finally repulsed by the garrison.

The Marquis of Arquerelles, the railroad king, has offered in case of war

with the United States to buy a warship for the government.

During the night of Wednesday, Dec. 23, a number of insurgents tried to cross the military line of Puerto Principe, between Jucaros on the south coast and Moron, at the extremity of the railroad in the north. The troops made a stubborn resistance and obliged the army to retire.

In the fight at Peralejo the insurgent leader, Cebreco, was seriously wounded.

Insurgents Concentrating.

NEW YORK, Dec. 29.—The Cuban junta in this city has been officially informed that General Maximo Gomez last week passed the eastern trocha at Moron, going west. Other advices from Gomez state that the Spaniards acknowledge the concentration of insurgent forces in the province of Santa Clara, near Matanzas.

TWENTY-FOUR VICTIMS.

Latest Estimate of the Loss of Life by the Cahaba Bridge Disaster.

BIRMINGHAM, Ala., Dec. 29.—The list of dead from Sunday's bridge disaster at Cahaba river, on the Birmingham Mineral railroad, has increased to 24. S. W. Tibbs and wife of Badger, it develops, boarded the ill-fated train at Gurnee, and have not since been seen. It is believed now that they were in the wreck and burned entirely.

This runs the list of the dead up to 23, and added to this is W. D. Ross, a bridge carpenter, hurt in the collision between two wrecking crews at the scene of the disaster, who died yesterday. He was the 24th death from the wreck. Another bridge carpenter named Estes had both legs cut off in the second wreck and will die.

Of the wounded in the bridge disaster two will likely die before night.

The body of James Bowling, express messenger, has been shipped to his former home, Guthrie, Ky. The Birmingham Mineral accommodation has no mail service on Sunday, and this fact explains the escape of Railway Postal Agent Bass, who at first was reported among the missing. Conductor Robert Rutherford, reported missing, was not on the train. Sunday was his regular trip, but Conductor Connell was running extra in place of Rutherford.

An examination made by officials of the Southern railroad proves beyond doubt that a rail was removed from the trestle over the Cahaba river, and that the accommodation train plunged into the shallow bed of the little river, 12 feet below, while the wreckers looked on from their place of hiding.

The story of the wrecking of the train was told by the colored fireman, Sam Stewart, the only member of the train crew who escaped death in the plunge from the trestle.

"When we hit the trestle," he said, "we saw the rail missing in the middle span, and White did everything he could to stop. But we were going 30 miles an hour when we struck, and we hit the middle span. I jumped from the engine after she left the trestle."

Of those who were pinioned in the wreck, only three were released before the flames made the work of rescue impossible. All the others who were caught in any way burned to death.

KANSAS SHORT ONE ELECTOR.

W. H. Linton Found to Be a Deserter From the Union Army.

CHICAGO, Dec. 29.—The Times-Herald's special from Kansas City says: Kansas is entitled to 10 votes in the electoral college, but it is likely she will cast but nine for W. J. Bryan, on account of the fact that one of her electors is a deserter from the Union army, and, therefore, not qualified to serve.

The records in the office of the adjutant general of Ohio show that W. H. Linton of Cherrysville whom the fusionists chose as one of their electors, deserted from the Thirty-second Ohio volunteer infantry in Louisville, Ky., June 12, 1865. He enlisted Nov. 28, 1864, as a substitute, for whom and for what compensation the records fail to show.

Mr. Linton does not deny the charge that he is a deserter, and leading Kansas and Washington attorneys say that there is no question that under the constitution of Kansas, which prevents deserters from voting or holding office, he is disqualified from serving as elector. Steps will be taken to prevent him taking part in the electoral college.

Kentucky's Vote Settled.

LEXINGTON, Ky., Dec. 29.—Kentucky's vote of 12 electors for McKinley and one for Bryan is final. The time has expired in which the Bryan men were permitted to file a notice of contest and Chairman Roberts of the Republican committee has announced that the notice of contest served on Bryan elector or Smith was simply a strategic move, and that it will not be pushed.

THE RIGHT RING.

Judge Owen of Kentucky Declares That Lynchers Shall Be Punished.

OWENSBORO, Ky., Dec. 29.—On assembling court yesterday morning Judge Owen had the grand jury called and charged them concerning the mobbing of Holt, going over the great outrage committed by the hanging and commanding the jury to thoroughly investigate the matter and prosecute any person participating in the mob. He said that the jury could find out and must find out who composed the mob, and they must be indicted for murder. He then made an order giving change of venue to Muhlenburg county for the trial of the Baskets, William and Allison, accessories with Holt, and ordered that they be sent to Louisville jail for safekeeping until trial.

COTELL CASE IN COURT

This Time His Attorneys Want a Change of Venue.

FINAL DECISION NOT RENDERED.

One of His Attorneys Threatens to Withdraw From the Case—A Young Lady Saved From Drowning—Ohio Miners Will Demand an Increase of Wages. Other Ohio State News.

AKRON, O., Dec. 29.—The boy murderer, Romulus Cotell, was brought into court yesterday for a hearing of the motion for a change of venue. At the request of Cotell's attorneys, the matter was postponed.

The statement that the county commissioners had fixed the attorneys' fees in advance at \$250 apiece stirred up a storm. R. W. Sadler announced his intention to withdraw entirely from the case if not granted the terms agreed to previously to the commencement of the first trial.

The commissioners say that if the attorneys are not satisfied with the \$250 they are at liberty to withdraw.

GIRL IN THE RIVER.

Deserted by Her Companion but Saved by Another Young Man.

XENIA, O., Dec. 29.—As Miss Jessie Hosea was skating on the Muskingum yesterday afternoon the ice gave way. The young man who was with her hastened to the shore and set up a bawl for help, which brought a number to the scene.

Ralph Gigax, a young man, was one of the number, at the risk of his own life went to her assistance, and after a struggle in which he was thoroughly exhausted, succeeded in reaching ice that would sustain their entire weight. The crowd, which had watched breathlessly, cheered him to the echo as the two were helped to the shore.

MINERS WANT AN INCREASE.

Ohio Men Will Make a Demand For the Sixty-Five Cent Scale.

COLUMBUS, O., Dec. 29.—The Ohio division of the United Mine Workers of America are in session here with 50 members present.

It is expected that several important changes will be made in the constitution, and Thomas L. Lewis, secretary-treasurer, is authority for the statement that resolutions will in all probability be adopted asking for a 65 cent scale. He says there is a feeling among miners that time has come to demand an increase.

Made Sure Work of It.

DELAWARE, O., Dec. 29.—Lulu Stultz, aged 20, the beautiful daughter of Frank Stultz, a prominent farmer of this county, suicided Sunday evening at her home, eight miles west of this city. A year ago she attempted suicide with paris green but failed and this time, to make sure work of it, she cut her throat from ear to ear, severing both jugulars. Melancholy brought on by cruel treatment is the alleged cause.

Oldest Railroad Engineer Dead.

FREMONT, O., Dec. 29.—James R. Francisco died here yesterday in his 82nd year. He was one of the oldest railway engineers in the country. He operated the John Bull engine which was brought from England in 1836 and was placed on the Camden and Amboy railroad to take the place of horses that had formerly hauled the cars. That famous engine was exhibited at the world's fair.

Labor Statistics.

COLUMBUS, O., Dec. 29.—Statistics just compiled by State Labor Commissioner Rueherwein from 1,388 industrial establishments in 46 states and territories, show that 52,448 less hands were employed in these establishments in July, 1896, than in July, 1892, and that \$19,214,448 less is paid out annually in wages.

Dangerous Convict.

COLUMBUS, O., Dec. 29.—William Varney, the Cincinnati diamond thief, who assailed W. J. Elliott, putting his eye out with vitriol some time ago, assaulted a convict named Stein, from this county, yesterday. He was controlled before he had severely hurt his victim.

Woman and Children Burned.

ATHENS, O., Dec. 29.—Mrs. John Ogden, living near Albany, was standing by an open grate, when her clothing caught fire. She died an hour later. Two of her children, one a babe, were burned, and their injuries are probably fatal.

Boy Skater Drowned.

BATAVIA, O., Dec. 29.—While skating on the East Fork Charles Fleek, aged 15, ventured out too far from shore. The ice broke, precipitating him in the water, and before help arrived he was drowned. His body was recovered.

AID ASKED FOR PORTUGUESE.

Thousands of People Suffering, the Result of a Great Waterspout.

BOSTON, Dec. 29.—The Portuguese consul at Boston has received a petition from St. Michael, Azores, which was sent by the Portuguese governor of the province of Dom Jacintho de Tares Adao, asking aid for thousands of suffering inhabitants, who lost nearly all their property in a great waterspout on

Nov. 2. A number of lives were lost at the time.

The authorities did what they could to relieve the distress, but so great was the suffering for food, clothing and shelter that they decided to ask Americans to send aid to the various Portuguese consuls.

VANDALIA SYSTEM.

True Condition of the Road Made Known by a Firm of Brokers.

INDIANAPOLIS, Dec. 29.—Campbell, Wild & Company, brokers of this city, have listed all the bonds of the Vandalia system, and have given out a statement of the condition of the road and all its branches. The Terre Haute and Indianapolis company owns 80 miles, from Indianapolis to the Illinois state line, and 47 miles of coal branches. The capital stock of \$50 a share is \$1,998,150.

The bonds are: First mortgage, \$1,900,000; second mortgage, \$600,000. All bonds bear 5 per cent interests. The first mortgage is due 1925, and was issued in 1885. The second mortgage was issued in 1892 and is due the same as the first. In 1893, \$400,000 of 6 per cent equipment notes were issued, payable \$5.55 a month.

The Terre Haute and Indianapolis road leases the Terre Haute and Logansport railroad 183; St. Louis, Vandalia and Terre Haute, 158 miles; Indiana and Lake Michigan, 40 miles; Terre Haute and Peoria, 165 miles; East St. Louis and Carondelet, 13 miles; a total of 686 miles.

FIRE IN WASHINGTON.

Large Furniture House Destroyed, Entailing a Loss of \$160,000.

WASHINGTON, Dec. 29.—The large furniture house of Julius Laneburg, on New York avenue, was destroyed by fire yesterday evening. The loss on building, stock and adjacent structures damaged will amount to \$160,000. The loss on the stock alone is placed at \$100,000, on which there is \$60,000 insurance. The building was principally of wood, and with the inflammable nature of the immense quantity of goods, made the fire one of the fiercest and quickest that ever occurred here.

The Church of the Epiphany is directly in the rear of the burned building and the firemen had hard work to save it.

The Burr mansion, where tradition says that Edgar Allen Poe wrote "The Raven," is separated from the furniture establishment only by an alley, but was saved.

The origin of the fire is a mystery.

SENATORIAL FIGHT IN NEW YORK.

Joseph H. Choate's Candidacy Not Indorsed by One Republican Club.

NEW YORK, Dec. 29.—The Republican club of New York last night refused to indorse the candidacy of Joseph H. Choate for United States senator. Every follower of Thomas C. Platt in the club was present. The meeting was very lively and at times uproarious.

The resolution laid over last week indorsing Choate was called up and a substitute was at once adopted declaring it ill-advised that any action should be taken regarding the possible candidacy of any person and that it is the sense of the club that no action be taken.

The Union Republican club of Brooklyn and the Progress Republican club of New York last night adopted resolutions indorsing Thomas C. Platt for senator.

MISER HORRIBLY TORTURED.

Dastardly Work of Four Burglars Near Springfield, Illinois.

SPRINGFIELD, Dec. 29.—John Keal, a bachelor, residing alone three miles out of the city, has been supposed to be quite well off. Burglars broke into his home and demanded money on penalty of death. They were told to search the premises, and \$2.25 and 10 gallons of wine were found.

They cruelly beat the old man, held burning matches to his hair and singed it off, and also his eyebrows, burned his face to a blister, burned his naked body and blistered his abdomen, and concluded by burning his feet.

Neighbors discovered his pitiable plight, and brought him to St. John's hospital, where he now lies near dead. He says there were four men, but can describe them only faintly.

One Body Still in the Mine.

PRINCETON, Ind., Dec. 29.—Nothing of special importance has developed in regard to the Maule mine disaster. The effort to find the body of Robert Poneylite has not been successful on account of the large accumulation of foul gas. Mine Inspector Fisher and assistants, all deep mine experts, are in charge of the mine. The injured men are doing fairly well, but there is a strong probability that some will not recover.

Sparted Twenty Rounds.

NEW YORK, Dec. 29.—At the Brooklyn Athletic club last night Eddie Curry of New York and Billy Whistler of Philadelphia sparred 20 rounds at catch weights, Whistler having been substituted for Tommy Dixon, who was originally matched. Curry forced the fighting at the start, but Whistler improved and honors were even until the end of the 18th round, when Curry forced the fighting and got the decision.

May Shelve It.

SYDNEY, N. S. W., Dec. 29.—Hon. Sir John Forrest, premier of west Australia, has requested Hon. G. H. Reid, premier of New South Wales, to postpone the Federal convention until the end of 1897. Mr. Reid objects to this, and it is feared that it means the shelving of the federation movement.

WILL DIE A SULTAN.

Abdul Hamid Defies All the Great Powers.

WILL NOT GRANT THE REFORMS.

The Situation in Turkey Reported to Be Approaching a Crisis—The Ambassadors of the Powers Meeting Twice a Week to Discuss the State of Affairs—Armenian Prisoners Released.

CONSTANTINOPLE, Dec. 29.—The Russian ambassador, M. De Nelidoff, acting in concert with the representatives of Great Britain, France, Italy, Germany and Austria, had an audience with the sultan, Abdul Hamid, one of many such interviews which have taken place within the past year on the same subject, that of a better administration of the affairs of the Turkish empire.

The Russian diplomat began by warning the sultan and the Turkish government that if the revenues ceded for the payments of the Turkish debt were touched European control of the finances of the empire would become inevitable.

M. De Nelidoff further informed Abdul Hamid that the czar guaranteed his personal safety and engaged himself to maintain the sultan's supremacy, in the event of severe measures being necessary upon the part of the powers.

The sultan, however, remained obdurate, refusing his consent to any measure of control, financial or otherwise, by the powers.

To this the Russian ambassador replied that the condition of the Turkish empire placed the throne and the caliphate in imminent peril.

Thereupon Abdul Hamid remarked, impressively: "I may be the last of the caliphs, but I will never become a second Khedive."

In addition to these warnings, M. De Nelidoff sent a note to the Turkish government and to the palace and the utmost significance is attached to it in diplomatic circles. He pointed out in precise terms the necessity of the sultan following the advice of the powers and acting in complete agreement with their plans for improving the situation, warning them once more that the sultan's refusal to do so involves the most disagreeable consequences.

The ambassadors will reassemble in the future twice a week until they complete their recommendations to the sultan and his advisers.

The envoys acting together will henceforth maintain the strictest secrecy regarding their deliberations. These latter steps upon the part of the powers are, once again, reported to have produced a profound impression at the Yildix Kiosk, and, in pursuance of the issuing of the amnesty decree, Armenian prisoners in Asia Minor and this city and vicinity being released daily in batches of 15.

TO STOP A LYNCHING.

Governor Bradley of Kentucky Has Several Companies of Troops Under Arms.

LOUISVILLE, Dec. 29.—Governor Bradley has had several companies of the Second regiment of the state militia practically under arms for 48 hours, owing to the fear that an attempt would be made to lynch Johnson Howe, the negro being held at Paris for the murder of Policeman Charles Lacey at Cynthiana.

The governor is supposed to call out the militia only at the request of the sheriff, but there have been many lynchings recently and the sheriffs have been so inactive that Governor Bradley has prepared to act on his own responsibility. There are still rumors that a mob may visit Paris, but it is safe to predict that they will meet with a warm reception.

Hunter Accidentally Kills Himself.

PITTSBURG, Dec. 29.—Charles Pfeiffer, a wealthy laundryman, with interests in Allegheny City and Chicago, accidentally shot himself in the stomach while out hunting in the mountains, near Ligonier, and died before his hunting companions could reach him. Mr. Pfeiffer owned the Allegheny steam laundry in Allegheny and was a member of the firm of Weber & Pfeiffer, who run a large steam laundry on State street, Chicago. Mr. Pfeiffer was quite wealthy and carried life insurance aggregating \$200,000.

NEWPORT, R. I., Dec. 29.—Past Assistant Surgeon P. H. Bryant, attached to the training ship Constellation, died while sitting at the table on board ship last night, of cerebral hemorrhage. He was appointed from Tennessee on Nov. 3, 1885, and had been stationed here since June 27 last. He was promoted to his present rank on Nov. 3, 1891. His previous sea duty was on the Petrel, four years and a half.

Bubonic Plague Increasing in India.

BOMBAY, Dec. 29.—The bubonic plague is increasing, there having been 2,094 cases and 1,494 deaths from that cause up to date. The exodus from the city continues and the newspapers threaten the natives with martial law unless they conform with the sanitary regulations.

INDICATIONS—Increasing cloudiness, probably followed by light local showers; slightly warmer; fresh and brisk southwest winds.

CONCERNING the imports and exports for October and ten months of 1896 Bradstreet's says: "Our imports during October this year were only \$50,467,309, a falling off of nearly 33 per cent. from a year ago. The heaviest decline was in the item of duty free imports, which fell off 36 per cent., while the decrease in dutiable imports was 29 per cent. Exports, on the other hand, in October amounted to over \$113,000,000, an increase of 30 per cent. This resulted in a total trade during the month of October of \$164,000,000, an increase of only about 1 per cent. over October a year ago—the increase, however, as stated above, being on the right side of the ledger. For ten months the showing, if anything, is better than for October. Imports for the ten months amounted to \$572,555,598, a falling off of over 15 per cent. from a year ago, while exports, on the other hand, amounted to \$779,588,432, an excess of \$207,000,000 in exports over imports, and an increase over a year ago of nearly 21 per cent. Our export trade is particularly satisfactory in that, as compared with 1895, nearly every class of exports show gains. Breadstuffs exports increased for the ten months' period nearly \$40,000,000, raw cotton exports \$25,000,000, provisions \$4,000,000 and other classes of exports in proportion." The Wilson tariff bill seems to be having two good effects at least; it is increasing our exports and decreasing our imports. That ought to please the Republicans.

THE POWER OF TWO CORPORATIONS.

The people of America surely do not know that it lies within the power of two powerful corporations to create at will a meat famine in this country, says the Chicago Dispatch. Such is the case, and it seems that experience only may awaken the people to its iniquity. During the past year, according to Secretary Morton's annual report, 36,000,000 head of live stock were inspected by the Government. These constituted the food supply of at least the large centers of population and many of the smaller towns. The whole of this enormous trade was and continues to be in the hands of two trusts. Competition has been killed. Except in very small towns the old-style butcher, who does his own killing and competes with others for legitimate trade in the open market, is only a memory. Perhaps a dozen men could easily get together and deprive 40,000,000 of people of this sort of food indefinitely. The Government knows it. Absolute information was filed with Secretary Lamont three years ago, and since that time no effort has been made to break the combine. The conditions are infamous.

Condensed Testimony.

Chas. B. Hood, Broker and Manufacturer's agent, Columbus, Ohio, certifies Dr. King's New Discovery has no equal as a cough remedy. J. D. Brown, Prop. St. James Hotel, Ft. Wayne, Ind. testifies that he was cured of a cough of two years standing, caused by la grippe, by Dr. King's New Discovery. B. F. Merrill, Baldwinville, Mass., says that he has used and recommended it and never knew it to fail and would rather have it than any doctor, because it always cures. Mrs. Hemming, 222 E. 25th St., Chicago, always keeps it at hand and has no fear of croup, because it instantly relieves. Free trial bottles at J. James Wood's drug store.

GOOD THING FOR FARMERS.

Cornstalks Will Be Worth Money to Growers and Manufacturers.

WASHINGTON, Dec. 24.—There was a gentleman in the comparatively empty corridors of the Capitol to-day who attracted much attention and comment. Any man who can tell the farmers how to increase their earnings deserves attention and consideration at the hands of his fellow-men. The person referred to was Mr. Cramp, of the great Philadelphia ship building firm, and he has discovered how to make fortunes out of cornstalks. His story is interesting. He says he has been experimenting for two years and has had a scientist employed to assist him with cornstalks, and he has discovered many wonderful uses they can be put to. He finds that they can be made into cellulose, which renders ships waterproof; into an absolutely perfect smokeless powder superior to any other now on the market, into alcohol, carpets, matings, paper, and into many other things.

Senators and Representatives have been greatly interested in the discoveries made by Mr. Cramp. Farmers need not longer waste the despised stalks. They will be worth six to eight dollars per acre to the farmer, and will add considerable to his income where much corn is raised. Mr. Cramp has all the money he wants to invest in a chain of manufactories for utilizing the stalks.

A SKY SCRAPER.

A Proposed Building in New York That Is To Be Forty-nine Stories High.

NEW YORK, Dec. 26.—Plans are drawn and specifications well under way for an office building in New York City forty-nine stories high, with a five-story cupola perched on top. It is to be built by English capitalists, headed by Jacques & Weldon, of Lancashire, who say that no less than \$25,000,000 will be expended on this cloud-piercing structure.

The building will be located at the southeast corner of Tenth Avenue and Twenty-fifth street. It is to be constructed on the plan of the Eiffel tower in Paris, the plans showing four such towers, each 900 feet high, from the sidewalk to the cornice, and standing on steel caissons sunk to the bedrock, which is ninety feet below the street level. The building is to be 108 feet square, with a long central court, and there are to be 5,900 rooms, in addition to five large store rooms on the ground floor.

The estimated rentals are placed at \$120,000 a month, or \$1,440,000 a year, or about 4½ per cent. on the capital invested.

BADLY HURT.

Charles Hafer, An Employee at the Cotton Mill, Seriously Injured on Monday Evening.

Charles Hafer, aged about fifteen years, an employee at the Cotton Mills, was seriously injured Monday evening. He was at work at one of the spindles, when some part of the spindle immediately behind him flew off and struck him in the head.

The blow was a severe one, and his skull was fractured. He was removed to his home in Gray alley, where Dr. Smoot dressed his injuries.

During the night Hafer rallied from the shock and was resting much easier this morning.

JAMES CUNNINGHAM, late teller in the Corinth Deposit Bank, now of Owenton, was married to Miss Maggie, the second daughter of Hon. E. E. Settle, Congressman-elect from the Seventh district, last Sunday, Rev. J. H. Anderson officiating. At the same time June W. Gale, Sheriff of Owen County, and Miss Mary Settle, oldest daughter of the Congressman were married. Mr. Cunningham is a relative of Mr. Charles H. Frank and family, of this city, and has visited in Maysville.

In his protest against the Rev. H. C. Morrison holding meetings in his jurisdiction, Presiding Elder E. A. Smith, of Dublin, Texas, says: "These holiness meetings, wherever held, have been a source of strife and contention and have injured not only our church but other churches. It is not a question of doctrine, but a question of law and order with us. Our Bishops have spoken in strong terms against these meetings and our conferences have passed strong resolutions against them." Rev. Morrison will be tried at Lexington.

COLONEL I. B. NALL, who has been editor of the Farmers' Home Journal of Louisville for the past twenty-one years, has sold his one-third interest in that paper to M. W. Neal and John W. Vreeland, his associates. Recently he has been troubled with his eyes and this induced him to accept a handsome offer for his interest in the paper, the capital stock of which is \$20,000. Mr. Neal will become editor and Mr. Vreeland business manager. Colonel Nall is one of the best posted agricultural editors in the country and has served nearly all his business life in that capacity.

THE Storage Battery Cataphoresis Company has been organized in Cincinnati. It is a company to manufacture and put on the market a little electrical machine that will produce anaesthesia, an account of the successful building of which appeared in the BULLETIN of recent date. The machine was made by D. J. Hauss, well known in Maysville, and has been pronounced the first one of the kind ever invented that is at all practicable. The company intends to push the business in all parts of the country, and the medical and dental professions are both already taking a great deal of interest in the matter, says the Enquirer.

How many young men and young women are cut off just as the future seems brightest and fullest of promise! They are taken away by the disease which causes over one-sixth of all the deaths in the world—the disease which doctors call consumption. There is absolutely no reason in the world why consumption should be fatal—why it should be even serious. It is a disease of the blood, and can be cured absolutely and always by purifying and enriching the blood. The only exception to this is the case where the disease has been neglected and improperly treated until it is stronger than the body—until the body has become so weak as to have lost the ability to recuperate. Dr. Pierce's Golden Medical Discovery will cure 98 per cent. of all cases of consumption if used according to directions. It also cures all lingering coughs, bronchial and throat affections.

Send 21 cents in one-cent stamps to World's Dispensary Medical Association, Buffalo, N. Y., and receive Dr. Pierce's 1008 page Common Sense Medical Adviser, illustrated.

THE RECEPTION AND BANQUET.

Maysville Commandery's Elegant Asylum
the Scene of a Brilliant Social
Event Last Night.

The reception and banquet given by
Maysville Commandery No. 10, K. T.,
last night was one of the most brilliant
and enjoyable social events of the season.

The elegant asylum was resplendent
with its illuminations, while within Ter-
pichore reigned in all her mazy majesty
queen of the evening, the Maysville Or-
chestra discoursing sweet music for the
merry dancers.

At midnight, the supper, a sumptuous
affair, was served in the large banquet
hall, by Colonel W. B. Grant, the com-
mandery's veteran caterer.

The Sir Knights of this city, with their
ladies, were present in large numbers,
while many responded from other points
to the invitations that had been sent out.

MRS. JANE ATKINSON.

A Noble Christian Woman Called to Her
Reward—The Summons Came at an
Early Hour This Morning.

Mrs. Jane L. Atkinson died at 5 o'clock
this morning at her home on West Sec-
ond street, of heart disease, after an ill-
ness of three months. In her death this
city loses one of its best and noblest
women. Her life was filled with good
deeds, and her gentle disposition and
lovely Christian character endeared her
to all who were fortunate to be numbered
among her acquaintances.

Deceased was born in Trenton, N. J.,
and was seventy-seven years of age. She
was a sister of the late John Calhoun, and
came to Maysville in her youth, the rest
of her life being spent here. She was the
widow of the late David Atkinson, and
leaves three children,—Mrs. W. C. Pel-
ham, Mr. George Atkinson and Mr.
David Atkinson.

The funeral occurs Thursday morning
at 10 o'clock at the residence on West
Second, with services by Rev. J. S. Sims.

marriage of Mr. Frank Gollenstein, of
this county, and Miss Minnie Schu-
macher was made Sunday at Flemings-
burg Catholic Church.

It was not Mr. Robert Humphreys who
figured in that runaway on Market street
Saturday, but his partner, Mr. W. W.
McIlvain. The BULLETIN's informant
simply gave the wrong name.

trade the largest they have had in twelve
years. Ballenger, the jeweler, also re-
ports an excellent holiday trade, very

it the year round.

Y. M. C. A. News.

The members of the Women's Com-
mittee of the Y. M. C. A. are kindly re-

Important business and a full attendance
earnestly desired.

commence practice this afternoon at 4
o'clock. All who intend to join this class
are invited to be present. The young
men's class will hold its regular session
at 7:30 this evening.

That the fine shower and tub baths are
appreciated by the association members
is evidenced by the fact that during the
first week ending Saturday, 118 baths
were taken.

The men's rally Sunday afternoon at-
tracted a crowd that filled the parlor and

The Modern Mother

Has found that her little ones are im-
proved more by the pleasant Syrup of
Figs, when in need of the laxative effect

and that it is more acceptable to them.
The true remedy, Syrup of Figs, is man-
ufactured by the California Fig Syrup

It is the present purpose of the Popu-
list leaders in Kentucky to have a candi-
date for the Legislature in every legisla-
tive district next fall. They claim that
there is a good chance to elect at least
twenty Populist members of the next
Legislature.

AN exchange says that the following
new swindle is being worked in different
counties in Ohio. Swindler No. 1 calls
upon a farmer with a patent wagon
tongue, and informs him that he is on his
way home having made a good thing of
it, and has only one county to sell. He
tells the farmer he can have it for \$250,
and if he wants it to write to him. In a
few days swindler No. 2 comes along.
He has heard that the farmer has the
right of the county for the patent wagon
tongue, and, as he made a big thing of it
in Pennsylvania, he wants to buy the
county, and offers the farmer \$300 and
pays ten to bind the bargain. The
farmer writes No. 1 and sends to him his
note for \$250. He never hears of either
of the men again, but this note comes up
for collection in a neighboring town and
he is out \$240.

AN ATTACK OF RABIES.

One Horse Had to Be Killed and Five Others Bitten by Mad Dogs.
FLORA, Ind., Dec. 29.—C. M. Birgie, veterinary surgeon, was called to the farm of Ord McDowell, near Rockfield, to treat a horse supposed to be seized of lockjaw, but instead he found a case of rabies and ordered the animal killed.

Mr. McDowell refused to accept the diagnosis as correct, but while they were at dinner the horse was seized of paroxysms, and began tearing the flesh from its breast. It was then shot.
Five other horses on the same farm were bitten by the same dogs, besides other domestic animals.

One of the dogs was killed, but the other escaped.

Injustice Done to Ireland.

DUBLIN, Dec. 29.—There was a large meeting at the Mansion House yesterday afternoon, the lord mayor presiding, to protest against the overtaxation of Ireland as disclosed by the royal commission on the financial relations between England and Ireland. The report showed that Ireland is now overtaxed to the amount of £2,750,000 (\$13,750,000) annually. Resolutions were passed demanding that the government remedy the injustice done to Ireland in the matter of taxation.

Disfigured by a Cruel Joke.

CLINTON, Ind., Dec. 29.—John Young, the 18-year-old son of Angus Young, attended a shooting match at his father's home, and while standing about the bonfire, one of the shooters fired a discarded shell with powder and threw it into the fire, unknown to those standing about. Young was leaning over the fire warming his hands when the shell exploded, and the entire charge struck him full in the face, destroying the sight of one eye, and horribly disfiguring him.

Monetary Conference Call.

INDIANAPOLIS, Dec. 29.—The executive committee of the monetary conference are sending out a call to all commercial organizations previously written to and not yet heard from, asking them to send their list of delegates as soon as possible. Up to this time the names of 176 delegates have been received. It is now believed that the number of delegates to attend the convention will be about 500.

Financial Failure.

FORT WAYNE, Dec. 29.—The large retail dry goods store of M. Frank & Company was placed in the hands of Benjamin Rothschild as receiver yesterday. The home creditors are protected by chattel mortgages to the extent of \$35,000. The firm's indebtedness to banks amounts to \$20,000, and individual notes to \$15,000. Eastern indebtedness is thought to largely exceed this amount.

Claims to Be Innocent Now.

DENVER, Dec. 29.—Allen Hense Downe, the highwayman convicted of the murder of Joe Gasnow, who was shot on the street on the night of June 27 last, was yesterday sentenced to be hanged the third week in January. Downe, who originally confessed this murder and many other crimes, broke down when sentenced and tearfully protested his innocence.

Fell From a Bridge.

RICHMOND, Ind., Dec. 29.—Yesterday afternoon John Madden of Cincinnati, employed in constructing the bridge over the Whitewater river, fell from the third span, a distance of 65 feet, to the rocks beneath. He was taken to St. Stephen's hospital. His left thigh is shattered and he is suffering from internal injuries. He can scarcely recover.

A Wife's Story Doubted.

TERRE HAUTE, Ind., Dec. 29.—Nathaniel M. Cruikshank, aged 35, was found dead in his bed with a pistol shot through his right temple. First appearances indicated suicide. One of the wife's claims is that he first fired at her, but there was only one bullet out of the pistol. The police are investigating.

LOUISVILLE TOBACCO MARKET.

New Burley Bringing Good Prices—Offerings Last Week Very Common, But Better Things Expected.

The following is furnished by Glover & Durrett, of the Louisville Tobacco Warehouse:

Sales on our market for the week just closed amount to 2,647 hds. with receipts for the same period 2,175 hds. Sales on our market since January 1st amount to 165,749 hds. Sales of the crop of 1895 on our market to this date amount to 151,877 hds.

Sales last week included 1,756 hds. of new burley and the quality in the main was extremely common being deficient in substance and dingy in color. A good many sales were made at prices ranging from \$10 to \$12 per hundred, but the market did not show any improvement whatever over the prices of the previous week. There is reason to hope that after the sales are resumed in January that we will have a more active market. There is no doubt the entire buying trade will then be ready to take hold of the new crop.

The following quotations fairly represent our market for burley tobacco (1895) crop:

Trash (dark or damaged).....	1 00@1 50
Common color trash.....	2 50@4 00
Medium to good color trash.....	4 00@6 00
Common lugs, not color.....	2 50@3 50

CINCINNATI TOBACCO MARKET.

Little of Interest Transpired Last Week. Prices Weaker and Rejections Numerous.

The Cincinnati Leaf Tobacco Association, in its circular for last week, says: The past week presented very little of interest in our tobacco market. There were only two sale days, and naturally some of the buyers were absent, which made prices less strong than the week before, and rejections rather more numerous.

The offerings of new are now the most interesting feature in our market; they make a very considerable part of the sales, and manufacturers are now fully prepared to take these goods, they are eagerly buying them, and we expect to see great activity on our breaks right after New Year. So far the offerings have not changed our opinion as to the merits of the crop. It seems to lack body, and certainly has a large proportion of nondescript tobacco.

The stocks of old are comparatively light, and are fast decreasing.

WILLIAM H. COX, Mayor.

Gladness Comes

With a better understanding of the transient nature of the many physical ills which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness, without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only, and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, then laxatives or other remedies are not needed. If afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, then one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.
